

I will introduce a Crime & Rehabilitation Bill

The 'Tough Love Act' is a policy to introduce juveniles to the harsh reality of the consequences of their actions. An effective rehabilitation strategy is needed urgently!

The outcome: a safer community and giving our young people hope.

- **Minor Offence** Juveniles guilty of a minor offence will be rostered on 'Graffiti Clean Teams'.
- **1st Serious Offence** A serious offence will land the offender in 'Boot Camp'. Daily attendance is compulsory for a minimum of one week and up to a maximum of twelve months. Attendance will be the responsibility of a parent or guardian as it is imperative they take part in the overall solution.
- **2nd Serious Offence** Offenders 17 years and over will undertake a mandatory twelve months National Service which will be run by the Australian Defence Force. This experience will then give them the option to transition into the Australian Defence Force full-time or alternative meaningful employment opportunities.

Where's McLindon?

- **STOP CRIME** Introduce Graffiti clean-up teams, Boot Camps and National Service. We must compensate victims.
- **FUNDING** **\$1 Billion** needed to upgrade Werribee's medical services and fix our congested roads. I can deliver.
- **PROTECT** It's time to protect our children from harmful Government agendas. Let kids be kids!
