What I am fighting for

-  Continue fighting for fairer gun laws and increased penalties for violent gun crimes
-  No new National Parks and improved access to public land for all users.
-  Increased funding for State Forest and Game Reserve management.
-  Massive increase in funding for boat ramps and recreational fishing facilities.
-  Increased support for disaster-affected farmers.
-  More funding to fix the appalling state of rural roads.
-  Improved passenger rail services for rural areas.
-  Stopping the mismanagement of water.
-  More investment in our poorly funded regional schools for our children.
-  Continue fighting for right-to-farm issues.
