VOTE **1** GREENS

SIANAN HEALY

for Nepean

As a Mornington Peninsula local, a mum and an educator, I'll fight for what's best for our community.

Right now, many of us are struggling with cost of living pressures while big corporations make massive profits. But change is possible. As your MP, I'll stand up for our community, tax big corporations to bring down bills, and protect the environment we love.

Real homelessness & housing solutions

Build more public and affordable housing, stop unlimited rent increases, and fund crisis accommodation for people doing it tough.

Tax big corporations & lower bills

Tax gas exports, scrap developer handouts, and make polluters pay their fair share so we can bring down bills and fully fund our kids' schools.

Integrity in politics

Politics that puts people first. Ban dodgy corporate donations, introduce better anti-corruption standards and strong limits on lobbyist influence.

Save Arthur's Seat

Stop the rollercoaster-style luge and commercial development of our precious public green space. Arthur's Seat belongs to our local community, not private developers.

Urgent funding for Rosebud Hospital

Fully fund and redevelop Rosebud Hospital, with expanded emergency care and essential services for our community.

Conservation & biodiversity

Protect nature from urbanisation and commercial developments, both for the wildlife that lives there and for future generations.
