Your voice for Narracan

Some of my immediate priorities for Narracan:

Securing the modern healthcare facilities we deserve, by ensuring Labor does not delay the construction of a new West Gippsland Hospital.

Making our roads safer and less congested by advocating for an upgrade to our road network in Drouin and Warragul and fighting for fairer funding to fix neglected roads in our rural and regional towns.

Supporting our emergency services with the modern infrastructure they need, like a new Nar Nar Goon CFA station, so that our volunteers right across Narracan have the facilities and resources they need to do their vital work.
