# PETER ANGELICO

LIBERTARIAN FOR NEPEAN

*"I come from industry, not from politics, and I believe in less government and more freedom."*

**Your money, your choice:  
vote Libertarian!**

Peter is a lifelong Peninsula local and the successful founder of an Australian manufacturing business.

He is currently the President of the South East Melbourne Manufacturers Alliance, and in 2023 he was the City of Greater Dandenong's Corporate Citizen of the Year.

Peter is running in Nepean because he's tired of both major parties ignoring the Peninsula and taking our community for granted.

Whether it's tackling rising crime, demanding funds be redirected to Rosebud Hospital, protecting our way of life, or securing investment for our region, Peter is ready to deliver for our community.
