BEWARE OF DODGY PREFERENCE DEALS! When you vote 1 above the line the party you choose decides your preferences.

OPTION 1: VOTE CLIMATE ABOVE THE LINE – vote 1 for a party with strong policies *and* climate-friendly preferencing (see blue box below left).

OPTION 2: VOTE CLIMATE BELOW THE LINE – you must number a minimum of 5 candidates, but it is far more effective to *number all the 12 better parties from best to worst (including all their candidates)*. Party preferencing doesn't matter below the line, you decide your own.

STRONG CLIMATE POLICIES & CLIMATE-FRIENDLY PREFERENCING

O Greens
R Victorian Socialists
L Reason
T Animal Justice

LESS STRONG POLICIES &/OR LESS CLIMATE-FRIENDLY PREFERENCING

Q Labor
A Sustainable Aust.*

FEW CLIMATE POLICIES BUT MAY BE SUPPORTIVE

G Legalise Cannabis
U Derryn Hinch Justice*

WEAK CLIMATE POLICIES

P Liberals*
E Health*
D Transport Matters*
B New Democrats*

NO POLICIES. LIKELY TO BLOCK ACTION

C Freedom Party
H Companions & Pets
M Angry Victorians
V Family First

DANGEROUS AND DESTRUCTIVE

F Sack Dan Andrews Restore Democracy
I One Nation
J Labour DLP
K Liberal Democrats
N Shooters, Fishers & Farmers
S United Australia Party

For an effective climate vote below the line, number ALL these parties best to worst (all candidates).

No need to number these!

* **Climate-unfriendly preferencing.** The better parties are ranked based on all available info. Red boxes are in ballot paper order. • Registered by the Victorian Electoral Commission.
