How Family First will fight for your family

Cutting POWER PRICES

Mums and dads are struggling to pay their power bills. But the major parties are making electricity more expensive. You don't need more electricity taxes. Family First will fight to cut your power prices.

Restoring VALUES IN EDUCATION

Our schools are in crisis. They're driving a wedge between you and your kids, making them embarrassed by your values. Meanwhile the major parties are undermining faith-based schools. You need Family First to fight for your family.

Defending TWO GENDERS

Women's sport has never been more popular. But now it's being overrun by men who are bigger and stronger. Your daughter shouldn't have to compete with biological males on the sporting field. That's why Family First will fight to end political correctness.
